

Deuce Diary - Sequential Ratchet Run

Full codebase improvement sweep · 13 modules · Sunday, March 15, 2026

Module Results

geocode 4m 9s** 1 async functions without error handling fixed	
perf-baseline 3m 58s** structural improvements	
notifications 2m 29s** 2 any types fixed	
error-tracker 4m 52s** structural improvements	

webhooks

2m 28s** | 1 repeated code lines fixed, 1 console.log calls in src fixed

auth

5m 49s** | 2 repeated code lines fixed, 6 any types fixed, 1 lines >120 chars fixed

bingo

1m 27s** | 1 repeated code lines fixed

king

3m 22s** | 4 empty catch blocks fixed

premium

3m 3s** | 8 any types fixed

helpers

2m 13s** | structural improvements

deuces

5m 48s** | 1 repeated code lines fixed

public

3m 49s** | 5 repeated code lines fixed

groups

4m 19s** | structural improvements

Issues Fixed

✓ 1 async functions without error handling fixed

✓ 2 any types fixed

- ✓ 1 repeated code lines fixed
- ✓ 1 console.log calls in src fixed
- ✓ 2 repeated code lines fixed
- ✓ 6 any types fixed
- ✓ 1 lines >120 chars fixed
- ✓ 1 repeated code lines fixed
- ✓ 4 empty catch blocks fixed
- ✓ 8 any types fixed
- ✓ 1 repeated code lines fixed
- ✓ 5 repeated code lines fixed

Current Score Breakdown

Category	Score	Max
Testing	17	20
Security	14	16
Type Safety	8	12
Error Handling	7	14
Performance	5	14
Code Quality	9	24
TOTAL	60	100

Top Remaining Issues

- ! 117 source files without tests (Coverage)

! 688 repeated code lines (Duplication)

! 462 long lines > 120 chars

! 181 any types

! 64 functions > 50 lines

! 42 async functions without error handling

! 37 console.log calls

! 3 empty catch blocks
